PAT McPHILLIP HAS INHERITED NEAT FORTUNE

Willits Laborer Left Inheritance By A Brother

LEAVES FOR IRELAND

City Employe Declared Intention Of Returning To State

Special Correspondence of The Press

WILLITS, Oct. 12.—In a week or so Pat McPhillip and his children will start for New York. They will go from Willits to the Atlantic seaboard by automobile, being accompanied by Lawrence Gasper, who will not only go to the Empire State with them, but will make the trip to Ireland with the McPhillip family. The intention of Mr. McPhillip being to go to county Monahan to visit his two sisters, not having been home for 33 years. It is Mr. McPhillip's intention to be away some six months.

Inherited Estate.

It was only a few months ago Mr. McPhillip received a letter from a barrister in his old home town informing Mr. McPhillip his brother had been killed in an automobile accident and that the estate of the brother had been left to Mr. McPhillip and two surviving sisters.

Left Tidy Fortune.

The estate consisted of property estimated at 10,000 pounds, or about $50,000 and the proceedings in the Irish courts have progressed to a point the estate is now ready to be settled and the inheritances paid over to the heirs of the dead brother and, accordingly Mr. McPhillip is destined to return to America with some $17,000.

Could Take Life Easy.

One can live much more reasonably in Ireland than they can here, Mr. McPhillip appreciates, and; with the sum he inherits Mr. McPhilip could, in all probability, retire and enjoy an easy existence, almost become a country gentleman, but he says none of that for him.

Is Coming Back.

He intends to return to America and come straight back to northern California, where he has always been able to make a comfortable living.

Has Worked Hard.

For a number of years Mr. McPhillip has been employed by the city of Willits and the rough hand he extended when he said goodbye indicated the days, in the past, have not been easy ones for the man who has just inherited some $18,000—He has seen plenty of real work.

Judge Harvey, too, is chairman of the State Prison Board and makes a most excellent state official.

PIONEER LADY LAID TO REST

Mrs. Joseph Cunningham Was Buried Monday Last

After an illness which has extended over many months, throughout all of which she bore her suffering with Christian fortitude, Mrs. Joseph Cunningham, early Friday morning, passed away at her home on Asylum road.

Born In County .

The dead lady was a native of Potter Valley, a daughter of Mr. and Mrs. John Bevans. Mrs. Cunnigham's forbears were pioneers of the valley and she was widely known and immensely liked. A home-lover and homemaker's highest ideals were reflected in the life work of Mrs. Cunningham. She was a devoted member of the Catholic faith and ever found time to strictly live her religion and, at the same time rear a large family and to every member of which she gave a full share of mother love and tenderness.

Those Left To Sorrow.

The sorrowing members of the surviving family are the husband, Joseph Cunningham, Mrs. Margueret Huguet, of Martinez, Mrs. Geraldine Grant, Ukiah, Miss Evelyn Cunningham, Martinez, Mrs. Ralph McGill, Lakeport, daughters, and Mrs. Hattie Cave, a sister.

Family All Present.

For many days it was known Mrs. Cunningham was fatally ill and her children gathered at her bedside and were there at the end.

Buried Monday.

A solemn requiem mass for deceased was sung Monday morning at St. Mary's Catholic church and the remains were laid to rest in the Catholic cemetery. The pallbearers were James Tuomey, Peter Hoyt, Ernest Ruddick, Harry Shimmin, J. P. Smith and Hale McCowen.

RUMMAGE SALE OCT. 25 TO 30

Saturday Afternoon Club To Hold Its Annual Mart

Annual Rummage Sale by the Saturday Afternoon Club will be held October 25 to October 30 at Barker's Hardware Warehouse, opposite the School street entrance of The Palace Hotel.

To Get Busy.

The large number of club members will not wait for a fire, or the well known "three moves" that "are as good as a fire," to clear their homes of superfluous furniture and other articles, but will ransack closets and attics for clothes and knicknacks to be offered at this extraordinary mart.

Bide Your Time.

Thrifty persons will heed that other adage, "a penny saved is a penny earned," by patronizing the sale covering a prodigious list of useful items. Mrs. H. R. Paull is chairman of the event.

IS FOOTBALL CAPTAIN

Horace Ivey, Jr., has been made captain of the freshman football team of the College of the Pacific, which defeated the freshman team of California Aggies 6 to 0 last Saturday. He will arrive in Ukiah tomorrow for a visit of several days with his parents.

AT CONVENTION

Walter Sandelin, Geo. P. Anderson and Harry M. Burke attended the meeting of The Redwood Empire Association at Sonoma last week. Mrs. Burke accompanied her husband to the convention.

HAS GONE HUNTING

R. O. Rampont left the first of the week for Susanville on a hunting trip and expected to be away about 10 days.

BEATS OIL CO. BY USING SUN TO HEAT HOME

Lloyd Bittenbender's Unique Plan Works Successfully

EVER HAS HOT WATER

Old Sol's Rays Are Yankee-ized In A Material Way

Lloyd Bittenbender is coming as near getting something for nothing these days as any man in Ukiah.

Works With Sun.

His creative genius has rigged up a self-heating plant—that is Mr. Bittenbender and the sun have done so—at his home on South State street he has built an extensive glass-tilted space facing the south, and back of the glass contrivance there are several hundred feet of one-inch black-painted pipe. The pipes carry water and two 10 and 20-gallon steam tanks have been provided. The sun shining through the glass heats the pipes, in fact, if you turn a valve steam comes from the pipes so intense is the heat from the sun reflected through the glass.

Heats Whole House.

The entire home of Mr. and Mrs. Bittenbender is kept nicely warm by the heat derived from the sun's reflection on the pipe throughout the day and, according to Mr. Bittenbender, water in the tank is warm in the morning.—Not only has Mr. Bittenbender succeeded to the point he has a sun-water-heated home, but there is always warm water in the tank in the kitchen for domestic purposes and Mr. Bittenbender never has to worry about seeing the bath water is ready. The whole contrivance is a simple affair—plans were provided Mr. Bittenbender by the University of California and the construction cost was not excessive.

No Upkeep Bills.

After the plant is installed there is no cost attached to upkeep and, instead of Mr. Bittenbender working for the Pioneer Oil and Burner Co. he has the sun working for him.

He Remembered The Two Victims

From Seattle Saturday came a letter from Fred W. Hammond, President of the John A. Roeblings Sons Co., the corporation that provided the giant cables for the Golden Gate bridge, to A. R. O'Brien in which were two five-dollar bills. Mr. Hammond read in The Republican Press of the plight of Betty Cummins and Marietta Burnham and sent five dollars for each of the unfortunate little girls. Fred Hammond is one of the most charitable of men and many times, through The Republican Press, has quietly performed a kind act.

Boy Burned In An Accident Recovers

Don Ornbaun is recuperating rapidly from his recent burns and will be discharged to his home in Anderson Valley the latter part of this week, according to Dr. Raymond Babcock, of Howard Memorial Hospital. The young man in a recent auto mishap spilled gasoline on his clothing and it later ignited. A companion threw him down and rolled the victim in the dust, thus saving his life, despite the fact Mr. Ornbaun was very severely burned as it was.

WERE AT COUNTY FAIR

Mr. and Mrs. Stanley W. Watson and son Bill motored to Boonville Sunday and enjoyed the attractions at the Apple Show and Fair.

IS IMPROVING

Mrs. H. L. Zeek who was ill at her home several days the last of the week is reported much better.

INSTALL MACHINE

The Republican Press last week put in a Burroughs Electric Bookkeeping machine in the business office. The James L. Hole Business Service Co. of Santa Rosa made the installation.

MAKE IT $1000

Donations raised the Betty Cummins Fund in the Bank of Willits to $848.08, according to official bank records at the close of the week. The Republican Press has some money not included in the bank statement and would like to see if an even thousand dollars might not be raised. If you have not contributed to help the little blind girl, send in your contribution to The Republican Press.

Ukiah, Calif., Oct. 5, 1937.

Mr. A. R. O'Brien,
Ukiah, Calif.
Dear Sir:

My sisters join me in asking you to express through your paper our keen appreciation of the unusually fine spirit of sympathy extended our Betty Cummins as she strives to overcome her handicap. I am not able to mention individuals contributing. May I say such manifestation of sympathy desires nor needs advertising.

Gratefully yours,
Russell W. Cummins.

The Betty Cummins fund is still held open at The Republican Press office and those who have not yet aided the little blind girl have a chance to do so.

Thanks The Press.

"PROBATION" IS REQUESTED

Drunken Driver Who Injured Woman Is Asking Mercy

Probation Officer A. D. Scott will report next Friday on the petition of O. H. Waymire which was filed after he had pleaded guilty to a charge of a drunk driving accident in which two persons were hurt.

Mrs. Bom Injured Severely.

Mr. Waymire, owner of what is known as the John Larsen ranch and a resident of this vicinity two years, was arrested by Highway Patrolman Charles Ciancio about 5:30 the night of October 1, just after the Waymire car collided with a machine driven by Fred Bom, of Redwood Valley. Mrs. Bom was severely injured and was taken to Ukiah General Hospital for surgical care where she remained until last Saturday. Glenn Smith, riding in the Waymire car, received a broken nose. The crash was near Ackerman creek bridge.

17-Pointer Buck Is An Unusual Trophy

A muletail deer having 17 points on one side and 13 on the other, one of the largest ever killed in Siskiyou county and weighing 190 pounds, was brought down by Dr. D. R. Frost recently. One hundred and fifty people of Callahan gathered to see the remarkable horns, which will be on display at The Maple Cafe as soon as they are returned from San Francisco where they are being mounted. Dr. Frost returned Monday with Dr. R. A. Milne, Ashley Doak and Paul Poulos, with whom he had been hunting for six days. Three bucks were killed on the trip.

CAME FOR FUNERAL

Pat Connelly and daughter Miss Marguerite Connelly and Mr. and Mrs. Tom Connelly were in Ukiah Monday to attend the funeral of Mrs. Joseph Cunningham, a life-long friend of the family.

BRIDGES TO GO

At Elk highway engineers have been busy the past week. It is stated a fill will be put in where the old double bridges were at Elk, which will be a big improvement; also one of the Dean bridges near the cemetery will be replaced.

LONG TERM FOR JAIL BREAKER SEEN LOOMING

John Richardson Is Near The Habitual Criminal Line

3 FELONIES LIKELY

Youth Alone May Allow Him To Escape Life Sentence

John Richardson, alias Jack Crowley, 18, who escaped several weeks ago from the Mendocino county jail where he was awaiting trial for theft of an automobile on the Mendocino coast, was captured in San Francisco Thursday by Inspectors Con Desmond and Leo O'Connor.

Tried To Escape.

The policemen found him in a suburban apartment. While denying he was Richardson, the youth made a break for the door, slammed it on Inspector Desmond's wrist, and was only stopped when the officers drew their guns, they reported.

Acknowledge Ukiah Break.

Later, police said, he admitted he had escaped the Mendocino county jail by taking a bar from the door and breaking the window bars with it.

Arrested In Santa Rosa.

John Richardson was arrested in Santa Rosa several weeks ago by Officer Joseph Jackson of the police department who was patroling the northern entrance to that city.

Sent Out Warning.

A Levi Zentner pick-up truck was stolen from Hopland and Captain John Rawles immediately got in touch with the Santa Rosa sheriff's office and a teletype warning was sent out, resulting in the arrest a short time afterward of John Richardson who was operating the machine. He was returned here for that offense and was being held for trial on a charge of stealing the pick-up when he broke jail. If fully prosecuted the jail breaker will be dangerously near being declared an habitual criminal and thus face a life term at Folsom. Ukiah authoritites returned Mr. Richardson to the Mendocino county jail the following day to await trial. Several days later Mr. Richardson and another prisoner broke through the roof of the jail and escaped.

Traffic Squad Got Him.

San Francisco police watched the home of Mr. Richardson's girl friend in San Francisco with the resultant capture. At the time John Richardson made his escape from the local jail he was accompanied by "Buster" Ward, wanted on a bad check charge in which the Cambot lunch room here was fleeced. Mr. Ward is thought to be an ex-convict. After leaving the jail the escapes stole a pick-up truck which was afterward recovered at Chico. Officers returned from the city with Mr. Richardson Friday afternoon.

Fooled Young Woman.

It is understood the prisoner had formed the acquaintance of a San Francisco girl at Santa Cruz—she was about 16 years of age—and, through misrepresentation, the parents of the young woman were trying to aid the escape. Just before Mr. Richardson was arrested, according to the story from San Francisco, a city man had agreed to give Mr. Richardson employment and he was to have started work the next day.

Electric Plant At Covelo Destroyed

The electric light plant at Covelo was burned last evening and an unexplained explosion blew out one side of the building hurtling the wall across a vacant lot into a house owned by B. L. Hurt. No one was injured, but the town will be without electricity for some time.

MOTORCYCLISTS SLIGHTLY HURT

Hurled to the pavement when the motorcycle on which they were riding jerked out of control after a tire blew out, Donald Ciancio and C. L. Day, two Willits young men, received painful abrasions about the legs and hands Tuesday. The accident occurred near the Ridgewood ranch.

PAY BOOSTED

Increases in salaries ranging from $5 to $10 per person were added to the October pay checks of employes of the Mendocino State Hospital. It is the first increase in pay since 1932.

5000 ATTEND COUNTY FAIR

Anderson Valley Was Mecca For Throngs Over Weekend

Special Correspondence of The Press

ANDERSON VALLEY, Oct. 12.—Mendocino county did itself proud at the County Fair and Apple Show which was brought to a close Sunday night after a successful three-days run at Boonville. The agricultural and horticultural exhibits far surpassed anything ever seen in the county and were a revelation as to the great variety produced in Mendocino county. The livestock exhibits were also very fine and drew throngs of spectators. The new, enlarged buildings and grounds were taxed to accommodate the many exhibits entered and no commercial exhibits, which are usually used to pad most fairs, were displayed.

Races Took Well.

The races which are always popular were well attended and followed the colorful parade which was led by the popular Hopland high school band in crimson and white uniforms. Misses Chrystine and Wanda Burke, former Anderson Valley girls, who hold a warm spot in the hearts of valley residents and are still claimed as our own, again served as color bearers and received a great round of applause when presented in the arena.

Handled Traffic Well.

Captain Austin Rawles and other officers were here and handled the heavy traffic in splendid style.

Amateurs Put It Over.

The vaudeville programs, given afternoons and evenings, were Eddie Burke attractions out of San Francisco, put on by high class performers and were as good clean entertainment as would be found in the better theatres of the larger cities.

Dancing Was Popular.

Dancing each evening, on the large maple dance floor recently completed, to Jewett's Orchestra, was enjoyed and Saturday evening found the floor jammed.

5000 At Fair.

A conservative estimate of the attendance during the fair is placed at 5000.

Hard To Determine.

Competition was so keen in the many group exhibits there was only a slight difference in many of them in the opinion of the judges. Following are the main awards:

Agricultural and horticultural products-designs—First, Pt. Arena Civic Center, realistic light house of beans with cabbage leaf ocean, $100; second, Mr. and Mrs. John Long, huge apple pie, $80; third, Anderson Valley high school, high school and grounds, $70; fourth, Delmar June, fair building, $60; fifth, Jimmy Babcock, saw mill, $50; sixth, Mrs. F. A. Rawles and Miss Mary Fitzgerald, vase, $40 .

Farm Center exhibit — First, Potter Valley, $375; second, Anderson Valley, $75; third, Hopland, $250; fourth, Point Arena, $225; fifth Mendocino-Ft. Bragg, $200; sixth, Willits, $175; seventh, Round Valley, $150.

Grange awards — First, Redwood Valley; second, Potter Valley; third, Ukiah.

4-H Clubs — First, Redwood Valley; second, Ukiah; third, Potter Valley; fourth, Willits; fifth, Hopland.

Got The Cup.

A silver cup given by the Bank of Willits for sweepstakes for Future Farmers of America went to Willits and was presented by Judge June. It must be won three times to become permanent property of the Future Farmers.

DAUGHTERS AT HOME

The Frank F. Zeek family was pleasantly surprised last weekend by a visit from their daughters, Misses Erma and Evelyn Zeek. Erma is a sophomore at University of California and Evelyn is a senior at San Francisco State College.

MANY ROBBERIES

Five homes on the Mendocino coast have been robbed recently and none of the cases have been solved.

SALOON HOLDUP WAS STAGED AT THE LOG CABIN

A Lone Highwayman Got Day's Receipts As Place Closed

MADE HIS GET-AWAY

Bartender Locked In Nearby Cellar By The Bandit

A hold-up man whose adeptness in the "stick-up" line reflected all of the precision and coolness of a veteran robber staged a one-man affair at Fort Bragg Thursday which netted him about $50 and escaped without leaving any trace of his identity.

How He Worked.

Of the crime The Fort Bragg Advocate says: Harry Fields, bartender at the Log Cabin, was held up early Thursday morning and forced to give over the day's receipts at the point of a gun. He was roughly shoved into the basement of the Frings home, back of the Log Cabin, and locked in.

Was Delivering Reecipts.

According to the story told officers, Mr. Fields had locked the Log Cabin and had the money in a money sack and was taking it to the home of Mrs. Jennie Frings, owner of the Log Cabin. Just as he stepped out the back door, he was stopped by a man with a revolver in his hand and commanded to "drop that sack and put your hands up." Which is exactly what Mr. Fields did. He was then ordered to go ahead and was pushed into the basement of the house and locked in. That was the last seen of the hold-up man. Mr. Fields knocked against the walls and was released by Mrs. Frings and the officers were notified.

Pick Up Suspect.

No arrests have been made, although several suspects are being questioned by the police. Ed Wallace, who was convicted of robbing the Newgard store at Albion last year, was picked up for questioning, but according to officers "did not choose to talk," so was put in jail and will be questioned again.

TITLE CLOUD TO BE CURED

Court Relief Urged In Case Of Dead Property Owner

An action to remove a cloud and quiet title to six parcels of land belonging to the estate of Paul S. Ray has been filed by A. E. Johnston who names Sedalia M. Ray, administratrix of the estate, defendant. One parcel of the land comprises the ground and improvements known as Gill's Airport; another is the Redwood Grove property, and the remainder is farm lands.

Has An Option.

Mr. Johnston claims to own an option to buy the property listed in the action for a total of $13,000 or to buy any or all of the six parcels separately. Mrs. Ray's letters of administration were issued from the superior court of Alameda county.

"Dick" Mazzoni Is Opening A Branch

(Fort Bragg Advocate)

"Dick" Mazzoni, who is well known on the coast as the man from the Redwood Auto Supply Co., will open a branch office in Fort Bragg on or about October 20. Mr. Mazzooni makes regular trips to the coast and his business has increased to such an extent he will put in a coast office. As in his Ukiah office, Mr. Mazzoni will carry a complete line of nationally advertised auto parts and accessories.

STOLE HIS CAR

An itinerant peapicker stole the auto of Supervisor Ed. Gordon at Point Arena last week. The man, A. B. Gomer, was later arrested and is in jail.

J. L. Wicklund was in Ukiah Friday from his ranch on Pine Ridge marketing his apple crop.

NEW DRIVER'S LIFE CRUSHED OUT IN CRASH

Giant Carrier, Out Of Control, Hurtled Over A Bank

ON A STRANGE ROAD!

Albert L. Lamme, Of Eureka, Is Killed Near Piercy

Apparently instantly killed when a heavy refrigerator truck he was driving went over a 75-foot bluff on Redwood highway near Piercy, the body of Albert L. Lamme, 23, Eureka truck driver, was found Thursday morning by Elmer Snyder, truck driver of Willits.

Happened At Night.

Mr. Lamme, who was making his first trip to San Francisco for A. W. Way, Eureka truck operator, apparently lost control of the heavy vehicle on the grade and it plunged over the edge of the roadway and landed 75 feet below in the stream bed. Residents of the vicinity, who saw the truck pass their homes Wednesday night, fixed the time of the accident at approximately 10 o'clock. Mr. Lamme was believed to have been killed instantly. The body was badly crushed, Mr. Snyder reported.

Saw Accident Marks.

Mr. Snyder, making an early morning trip with his truck from Eureka to Willits saw the torn up condition at the edge of the highway and investigated, finding the wreck and Mr. Lamme's crushed body.

Story Of Officers.

He summoned aid from the Frank F. Reynolds Redwood Auto Camp, nearby resort, and notified the Mendocino County Highway Patrol. Traffic Officer Fred Hamilton, who investigated the accident, said to The Republican Press, death must have come instantaneously to the unfortunate man, whose body Officer Hamilton found jack-knifed in the cab. It was necessary, Officer Hamilton stated, to jack up a portion of the truck in order to release the head of the dead driver from beneath a heavy section of the truck. Unfamiliarity with the section of the road he was traversing, undoubtedly led to the tragedy. Identity was established by the investigating officers through a social security card on the body, giving the name of Albert L. Lamme.

How It Happened.

The dead man was a son of James D. Lamme, of Atwater, San Mateo county. It is believed he had been in the Humboldt district only a short time, as it was reported to be the first trip made for The Way Company. Investigating officers reported apparently Mr. Lamme lost control of the truck as it slipped into soft earth at the side of the roadbed. Unable to jump from the cab, he was carried to his death on the rocks 75 feet below.

Another Truck Smashed.

Friday a truck loaded with produce turned over about a mile and a half north of Laytonville. The truck belonged to The Way Trucking Company of Eureka and was badly smashed up, but the driver escaped with minor injuries. It was a truck owned by the Way Trucking Company, of Eureka, that carried the unfortunate Albert L .Lamme to his death near Piercy Wednesday night. It is estimated the Way Trucking Company in the two accidents suffered a loss of almost $10,000.

Back From A Stay At Nevada Schools

Mrs. E. V. A. Murphey, of Covelo, returned from Stewart, Nevada, Thursday, after a stay in the neighboring state of a number of months. Mrs. Murphey visited almost every Indian settlement in Nevada while on her official trip. Friday Mrs. Murphey went to Albion where she will be a guest of Mrs. LeRoy Woodhead 10 days, after which she will go to Covelo and will probably remain there throughout the winter.

AN END TO HUNGER

"HENRY ERB, 50, FORMER MEMBER of the Los Angeles Philharmonic Symphony Orchestra, died last week. Death was believed due to weeks of privation." This recently appeared as a news item in The Willows Journal and, in commenting on the article, that newspaper said: "Such was the content of a one-inch news story, date-lined Los Angeles, which a few California papers tucked away on the inside pages. It wasn't important news. This destitute refugee from society was probably known by few people, and his passing could have been of little interest to anyone. But the death of this practically unknown man through deprivation and want is a symbol of the passing of the old order of things, of the fast-fading era when industry and government alike regarded it as small concern of theirs what fate befell Americans when they passed the employable age and lean, wintry years stared them in the face.

"Today there's a new spirit abroad in the land, and because of it America's people are being armed with the weapon of security against the hazards and want of declining years. This concern for America's wage-earners and their dependents, who constitute over 80 per cent of the population, is not restricted to the political field. Progressive industries, like the railroads are now laying down guarantees of their own accord for the future security of their workers. Several hundred thousand rail workers will be eligible for pensions, under the new Railway Retirement Act, ranging up to $300 monthly. This year rails pay their retiring employes over 46 millions!"

With such evidences of humanitarian progress, the time shouldn't be long in coming when death from privation will no longer be a one-inch news item.

It will be "Flash Edition" news!

The sooner that day comes, the better.

AND, NOW, A MONUMENT!

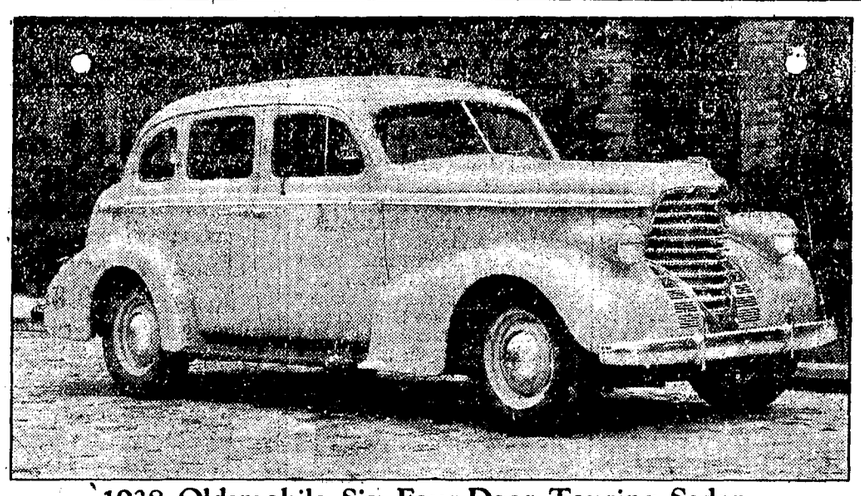
UP AT BANDON Sunday the Neighbors of Woodcraft unveiled a monument to a departed member of their order. The day and date mark the first anniversary of the Bandon fire, and the individual to be honored was one of the 11 persons who lost their lives in that frightful holocaust of September 26, 1936. She was Mrs. Ida Hill. For the greater part of the quarter century of her residence in Bandon, Mrs. Hill was burdened with the care of an invalid husband and daughter but for several years preceding the fire she had been alone and had provided for her meager wants by doing washings. As an aid to her in her labor, Mrs. Hill had purchased a power washer which she was paying for out of her small earnings, and it was this machine that proved her undoing.

It was not debt free and in order to satisfy that debt the machine must continue to serve. That was the thought uppermost in her mind that fateful night as the flames licked at the walls of her cottage. There was none to help her and she tugged at the machine unavailingly.

Came morning, and Mrs. Hill's charred body was found slumped across the washer at the very door of what had been her home.

And they unveiled a monument to her Sunday—to Mrs. Hill and the spirit of independence she typified.

—She did washing.



1938 Oldsmobile Six Four-Door Touring Sedan

WONDERFUL FEATURES OF 1938 OLDSMOBILE ARE SET FORTH

Vevoda Motor Sales Handling The Full Oldsmobile Line

Oldsmobile, America's oldest manufacturer of automobiles, has announced its forty-first series of cars, the Oldsmobile Six and the Oldsmobile Eight for 1938. Both the Six and Eight present much that is new in performance and mechanical design and both now offer as an extra-cost option the new automatic safety transmission, developed and introduced by Oldsmobile.

New Safety Panel.

Among other features of particular interest is the new Oldsmobile safety instrument unit and safety dash, a departure in the modern manner from the conventional type of instrument panel. The safety panel, free of projecting knobs, is but one of many details which contribute toward passenger security in the redesigned safety interiors of the new Oldsmobiles. Safety glass, of course, is standard throughout. A choice of new upholstery fabrics is available, tailored to the deep cushions in an effective pleated treatment.

Body Is Lower.

Body lines are lower and cleaner than before. Fenders are unusually wide. Bullet-type headlamps are mounted low on the crowns of the front fenders. The first major point of difference that strikes the eye in distinguishing the Six from the Eight, is the sharp contrast in the smart front and designs of the two cars.

Improved Hood Louvre

An entirely new type of hood louvre has been developed to provide invisible outlets for escape of engine heat while preserving hood lines of unbroken simplicity.

Bumpers Seen Heavier.

Bumpers, front and rear, are of exceptionally heavy construction and carry dual bumper guards, the entire assembly being plated in chrome. Running boards are independently mounted and made of moulded rubber. New combination tail and stop lamps mark the rear termination of the body moulding. Rear fender and body contours have been further smoothed and simplified to reduce wind drag.

Under Hood Battery.

A radical change has been made in one important detail—the location of the battery. A long, narrow battery of the "end to end" type replaces the conventional battery and is located alongside the engine under the car hood, accessible to service without disturbing the car occupants.

Fine Performers.

Although both the Six and Eight are unusually fast and responsive when equipped with conventional transmissions, they attain even higher peaks of performance when equipped with the Oldsmobile automatic safety transmission. This transmission also contributes importantly to both driving ease and operating economy, the latter resulting from a fourth gear direct drive which reduces the number of motor revolutions and improves fuel economy by 18 to 20 per cent.

Clutch Perfection.

With the automatic safety transmission, the foot clutch is used only to start and stop. With the clutch disengaged, the control arm is moved to first, forward position. When the clutch is released, the car starts forward in first gear, automatically changing to second at a road speed of about 10 miles per hour. Without declutching or releasing the accelerator, the driver then may flick the control lever to second forward position which permits a shift to third, an extremely fast acceleration gear. At about 23 miles per hour, the transmission automatically shifts one to fourth gear or direct drive, which is the economy or cruising gear.

Revelation In Pickup.

If the driver wishes to remain in the third, or pickup gear, he may do so merely by holding the accelerator all the way down. The car then will continue to pick-up in that gear to a road speed of 65 m. p. h., at which speed there is an automatic change to fourth. If it is desired to move back from fourth to the third gear for hill climbing or quick pick-up in traffic the driver, at any road speed below 55 m. p. h., may go into that gear instantly by fully depressing the accelerator pedal. On down grades, the driver may flick the control from second to first forward position, thus employing second gear as a decelerating force.

Mrs. J. O. Brawn Has Note—Claims Dead Mate Owes Her

A civil action begun in the superior court of San Francisco January 29 by Anna L. Brawn, divorced wife of the late Joseph O. Brawn of Ukiah, has been transferred to superior court of Mendocino county and James O. Brawn and Carol Brawn, administrators of their father's estate, are made defendants in a supplemental complaint accompanying the transfer.

Loaned In 1932.

The suit is to recover principal and interest of a promissory note for $720, executed March 31, 1932, by Joseph Brawn to the complainant, who now asks judgment for $928.80, and costs of suit. Joseph Brawn died June 26 and the claim was rejected in the course of administration of the estate.

Married In 1930.

The marriage of Mr. Brawn and Anna L. Vandermeer was at Geyserville June 19, 1930, and on July 16, 1935, Mrs. Brawn filed action for divorce, seeking a division of community property. Mr. Brawn was granted a decree of divorce on his cross-complaint and with the final decree was given 80% of the property which included the stock and fixtures of The Home Market, two cars, household furniture, life insurance policy, accounts receivable and good will belonging to the business establishment.

Judge W. F. "Bill" Whitney was a countyseat caller Wednesday afternoon. Mr. Whitney is auditor for the Board of Equalization and long has been rated Willits "head man" when it comes to keeping that community on the map.

Sidelights *of* Sadness

Being incidents connected with California's State Prisons as observed by A. R. O'Brien, editor of The Republican Press, who is a director of the State Board of Prisons of California.

THE SECOND HUNCH WAS FATAL

Ed. Davis, at the start, was a small town hoodlum.

He always operated with a gun.

Ed. Davis was the ringleader in the attack on prison officials at Folsom in which Warden Clarence A. Larkin and Guard Martin lost their lives.

Knowing he is a smart convict his action during the attack on the officials in the office of the Captain of the Yard at Folsom perplexed me. I could not reconcile myself to his making the fatal mistake he did when he demanded Warden Larkin order the guard on the wall throw down his rifle to the attacking convicts, but, later, as I read his narrative, it all became very plain to me.

This lifetermer truly is bad medicine.

He has "played all the big time rackets" — hold-up, kidnaping, bank robbery, burglary, prison breaking, murder. Even today he is wanted, for murder, by Kansas and Oklahoma. Long ago he became an habitual criminal for a continuous series of major crimes. One flare-up in his career showed he had committed, in the space of three days, five highway robberies and store hold-ups.

There is not any question but he was a ringleader in the massacre of officers at the Kansas City Union Station when a band of outlaws mowed down with machine guns four officers and, at the same time, killed an outlaw the officers were taking to prison and whom the bandits were trying to rescue. He is known to have robbed four banks. He has murdered, probably, all told, seven men.

When Ed. Davis worked it was as a tailor. He was born in Oklahoma and has a wife and son. He is temperate in his habits. His narrative shows he is another of the thousands of products of a reform school.

Now, 34 years of age, Ed. Davis has been a criminal since 1919. He started in at 18. He has operated in Kansas, Oklahoma, Missouri, Nebraska, California. Originally a hoodlum, today he is a mobster of the most murderous character.

Now, after I have told you what a finished criminal Ed. Davis is, you can perceive how incongruous his action in trying to compel Warden Larkin, who was being led by convicts, with a knife at his throat, into the prison yard, to order a guard on the wall to "throw down his rifle" was to me.

But here is why he did it.

On Decoration day, 1933, Ed. Davis was serving life at Lansing, Kansas, for bank robbery and as an habitual criminal and early in the morning of the Holiday he led a break in which 11 prisoners got away. The prisoners captured, inside the prison yard, the Warden and a number of guards, and with them as a shield compelled the Warden and guards to accompany the prisoners, threatening them with guns which had been smuggled into the prison, forcing the Warden to order the surrender of additional guns from the wall towers. After scaling the wall six of the men, including Ed. Davis, made the Warden and two guards accompany them through Kansas and into Oklahoma, where they released their hostages.

In Kansas, when Ed. Davis commanded the Warden to have guards on the wall throw down their rifles the Warden complied and Ed. Davis fled to freedom. He got a "hunch" he could do the same thing at Folsom and played it, but—

At Folsom when Ed. Davis ordered Warden Larkin to have the guards on the wall throw down their rifles, Warden Larkin refused to do so and Ed. Davis, before very long, is going to shuffle, miserably, into the gas chamber at San Quentin.

Even in crime, hunches, rarely, work twice.

DISPUTE OVER RANGE NEARS

Northern Neighbors Involved In Stock Trespass Claim

Two civil suits have been filed by H. A. Lucken, Blue Rock township stockman, to recover damage for range destroyed by alleged trespass of stock in two neighboring ranches. Michael Kindregan is named defendant in one complaint and Ira L. and Norton Tooley are defendants in the other. Each action is for $1000 and costs of suit, and a decree enjoining the defendants from further trespass is asked.

What Is Set Forth.

Mr. Lucken claims the stock from the neighboring holdings have continually overrun his range during the past three years, that he has repeatedly driven them off and requested the owners to keep them on their own range, without relief.

All Run Stock.

Parties to the complaints live up near the north boundary of Mendocino county. All own or control large acreage of grazing land and are engaged in stock raising on a big scale. Mr. Lucken claims ownership of 543 acres of range, which he says has been greatly impaired by straying herds.

Peapickers Sent Up From The City

Twenty-four pea pickers were shipped in Monday by a San Francisco employment agency to finish up the last of the peas in the south coast section. There is two weeks' picking at Ao Stornetta's, some just coming on.

WOES OF CHINA DEPICTED BY MRS. RALPH WEST

When, from the heart of China, the letter quoted below was written on board the Ping Wo in the middle of summer to Mr. and Mrs. L. E. Crawford by their niece Mrs. Ralph E. West, she had no inkling she would be unable to return to her home in Shanghai, where her husband Major West was in charge of the International Settlement.

An Enforced Switch.

Having left for a vacation with Mrs. O. G. Steen, who recently visited her father, W. P. Thomas, and her sister, Mrs. H. O. Cleland, of this city, with a mere summer's wardrobe, Mrs. West was forced to leave her clothing behind and is now in Manila awaiting Major West. He will join her in November and the two will then come to the United States. Telling of the trip up the Yangste river Mrs. West says:

"The Gorges were a very impressive sight and somehow one doesn't expect such beauty to be in China. We left Shanghai on the first of June by river steamer and took a very leisurely trip up what is known as the Lower and Middle Yangste. It was interesting to get away from the city with its noise and bustle and see how the countryfolk live. The Yangste Valley is one of the richest in all China. On both shores as far as the eye can see are small patches of ground where rice is growing and on each plot there is a rude mud hut where all of the family live. One room, a door, no windows and all the grownups, children, animals, including a caribou, live under the same roof. Along the banks of the river one can see crude fishing traps set and an old man, woman or small child in attendance. These nets are huge affairs and it is comical to watch them pull them up from the river and there will be one, or possibly two small fish in them.

"On our way up we stopped at several small towns for a few hours. At one of the towns we saw a Chinese drown. The river current is very swift and this Chinese fell off a small boat. Before help could get to him he had gone down the third time. I was amused at the chief engineer on our boat when he said that if it had been a chicken or a pig it would have been saved. Life is cheap in China and one less Chinese means nothing. Too, they have a rule or old law that if you save the life of a person you are responsible the rest of your life for him and his family. Needless to say few lives are saved with such a penalty attached.

"At our arrival in Ichang we were transferred to a smaller steamer and were taken up the Gorges. There we had rushing rapids, high cliffs and many interesting sights to see. The steamer is small but very sturdy and well it needs to be to be able to get through. After 15 days of travel we finally reached Chung Ling, 1500 miles up the Yangste river. What a city! The population is supposed to be 600,000 but that is just an estimate, there are more people than that.

"The entire city is built on cliffs. The Yangste floods its banks every year and all the houses on the water front are built on high stilts. The city itself has no streets, but series of steps from one level to another. The mode of transportation is by sedan chair or pony. It is exciting to see these small Mongolian ponies climbing up and then going down steps.

"The city itself is filthy beyond description. One of the captains of a British gunboat told us that, in March of this year, they had swept up 500 corpses in the streets of the city. When a Chinese is too poor to have a burial he is thrown in the river and it was not at all unusual on our trip up and down to see them floating in the stream.

"Chung King is the real interior of China and they are quite anti-foreign. The place is filled with soldiers, such as they are. They apparently are given one suit of clothes and these are worn until it falls off.

"On our way back to Ichang we made it in a day and a half. We were going with the current and just sailed along. Arriving in Ichang we were held up four days and we left this morning at dawn. Hope to be in Shanghai on the morning of the 27th and will leave by steamer on the 29th for Wei Hai Wei.

"I could go on for pages describing all that we saw but will save that until I see you. We have all had a good rest and it has not been too hot as yet. I dread the two days in Shanghai but that can't be helped.

"I will write on my way to Wei Hai Wei and hope the letters get through to you.

"No more for now, but hope a letter is waiting for me in Shanghai."

OCTOBER FULL MONTH FOR AUXILIARY OF LOCAL POST

American Legion Auxiliary held one of its most interesting meetings Wednesday evening when Mrs. Alice Murray, of Eureka, president of District One, accompanied by Mrs. Leah Cloney, also of Eureka, and district chairman of Americanization and Education, made her official visit. Mrs. Zbinden, secretary of Willits Auxiliary, was present to report activities of her group. The meeting opened with a potluck supper, the tables being decorated with gorgeous fall flowers, grapes and apples. News of the recent "8 and 40" convention in New York was given by Mrs. Bernice Faas, a delegate of the honorary society of the American Legion from this district. Walter Eversole entertained with two accordion selections, Miss Kathleen Thurston with vocal solos with Mrs. Ardis Conley accompanying her, and Miss Bonnie Gielow, piano numbers. A former member returning to the local unit was Mrs. Jeanette Simpson, who has for some time been in Phoenix, Arizona. Mrs. Conley was in charge of the program and was assisted by Mesdames Elise Figone, Wilma Gielow, Leo Runkel and Mae Laviletta.

Plans are for a school of instruction at District One at Fortuna October 21, and for a card party by the local auxiliary the evening of Saturday, October 23, with Mrs. Alice Andrews chairman.

GIRLS' LEAGUE TOT PARTY

Freshmen girls at Ukiah high school were feted by the Girls' League in welcome Friday evening when they arrived in their little girl party best, perky bows in their hair, with wide sashes and short dresses. The attractive little sisters were entertained in the school cafeteria which was appropriately decorated by Laila Ulvila, Loraine Hurley, Carol McLeod, Bernice Millard and Betty Nehring. Music during the party was provided by Arden Gibson, Vernon Pacini, Bud Prather and Darrel Lynch. Supper arrangements were carried out by Connie Hurlock, Jean Thornton, Irene Sandelin, Phyllis Jordan and Irma Church. Audrey Doak, president; Ethel Miller, vice-president; Alice Wenglein, secretary; Holly Onomiya, treasurer.

LEFT FOR TEXAS

Ray Rollin Wilson arrived Thursday from Stockton for a visit of several days with his family before leaving Sunday for Oklahoma and Dallas, Texas, in connection with his work for the Agricultural Trade Relations Company. Mrs. Wilson will remain here with the two little daughters who are enrolled in school. Mr. Wilson expects to be home for Christmas. During the summer his new work has taken him to southern and central California and to Oregon.

20-30 CHAIRMEN

20-30 chairman were appointed for the year when the Club met last week. They are: Ambulance, Kenneth Busch; club history, Les Stanley; housing, Ronald Bowers and F. Branson; music, Paul Hansen; program, Chap Williams; project, George Bartlett; inter-club relations, Bob Harmon; publicity, Les Stanley. New members voted for initiation at the following meeting were Jack Salle, Jack Russell, Ray Bowers, Al Crapp and Pete Richardson.

WED TO BERKELEY GIRL

Invitations to the wedding of Miss Mary Dieckmann and Dr. Suren Babington October 9, at Berkeley, were received by a number of friends of the groom in this locality. Dr. Babington was surgeon on the Mendocino State Hospital staff at Talmage a few years ago. Marriage rites were solemnized at a pretty evening ceremony at the home of Mrs. Frederic Timothy Dieckmann, mother of the charming bride.

CLUB HOLDS INITIAL FALL MEETING

Gathering about a large table gay with autumn foliage and zinnias and laden with color from vineyard and field crops, Business and Professional Women came together Thursday evening at The Palace Hotel for the first time following vacation season. At roll call were "harvested" incidents drawn from the experience of each of the half hundred members during the summer months. These included everything from flights over Hawaii to a boat trip up the Yukon, and showed a surprising amount of travel within the group.

Miss Laura Kaiser conducted a fascinating verbal tour through the far from prosaic Samoan and Fiji islands, "palm fringed," as she said. Polynesian types were described, dances, foods and customs told of in these far-away isles dear to Robert Louis Stevenson and his final resting place. "Song Of The Islands" was beautifully sung by Miss Ernestine Gibson as the travelog came to an end.

Mrs. Olive E. Busch was called upon to give highlights of her visit to New York. These were delightfully related in vivid and humorous style, many of the comprehensive pictures painted being from tallest skyscrapers, and others from "The Sidewalks of New York," which was sung in unison on completion of her talk.

Mexico was visited by Miss Audrey Hollenbeck recently and her comments of Laredo being the one place on the hundreds of miles of border where one could readily enter to penetrate the heart of the country, and that along this route the land was becoming that of "today" rather than of "mannana" were interesting views.

A trio comprising Darrel Lynch, Vernon Pacini and Arden Gibson presented lovely Mexican selections. These talented instrumentalists also played several numbers during the dinner hour.

Campus activities on our eastern shore were presented by Mrs. Busch, who with Mrs. C. H. Hopkins, attended the 236th commencement of Yale to see Charles Howard Hopkins, son of Mr. and Mrs. C. B. Hopkins, receive his degree of Doctor of Philosophy. Cordell Hull and the Chinese Minister of Finance received honorary degrees at this time. Mrs. P. H. Joseph, whom the speaker accompanied to New York, went to Harvard to see her son, Philip, graduate. Regatta festivities between the two universities were under way and, it was remarked, are the oldest inter-collegiate contest in the country, having started over 75 years ago. Robert L. Sharp graciously sang the Yale song, "Bright College Years," and the football song of the college, which added just the right gusto to the program, Miss Barbara Stewart playing the piano accompaniment.

Mrs. Catherine Sloper was chairman of the evening, her committee comprising Mrs. Velma Maney, Mrs. Ruth Mankins, Mrs. Celia Morris and Miss Ethel Anker. Mrs. Grace Holzhauser, past president, presided at the short business meeting in the absence of Mrs. C. A. Bernhard. The latter being on her way home from Europe.

HOME FROM EUROPE

Mrs. Louise Bernhard returned Friday from a summer's tour of Europe, of which she enjoyed every minute. She has recorded fully the daily sight-seeing trips, and has promised to speak before several local clubs on various aspects of countries visited. Germany impressed her especially for its thrift and extreme regimentation, Italy for its similarity in climate and fruits to California as well as for its ancient architectural beauties, France for the wonders of the Paris Exposition, and England for a comfortable feeling of its being the mother country to an American traveler.

Mrs. Bernhard has interesting pictures showing the severe storm experienced on the Atlantic while homeward bound. The carefully planned itinerary of the Cook's Tour was carried out without mishap. Red and gold banners of Indian summer seemed hung out in welcome as the traveler crossed the United States, and were especially beautiful along the Hudson river and at Glacier National Park. Mrs. Bernhard's sister, Mrs. Mabel Ames Smith, and nephew, James Williams, drove to San Francisco to meet her.

JOBS DAUGHTERS

Following a short business meeting of Jobs Daughters Monday evening, Jean Thornton, Honored Queen, in behalf of the group presented Mrs. Ardis Conley of the guardian council, a beautiful Roseville pottery vase in soft blues for her new home. The banquet room was especially attractive with pyracantha and brilliant branches of maple for refreshment service, supervised by Roberta Dalstrom. Mrs. Mattie Brazier, Deputy Grand Guardian, will pay her official visit October 25, when Jobs Daughters will entertain her and all members of the Guardian Council at a six o'clock potluck supper.

BE SURE YOU ARE GETTING PASTEURIZED .... MILK ....

PASTEURIZATION at from 142° to 145° F. for 30 minutes, assures your protection against disease-producing bacteria . . . such as tuberculosis, typhoid, diphtheria, etc. Pasteurization is necessary—because apparent cleanliness is not enough! Disease bacteria can be introduced by unknowing disease carriers, no matter how careful they think they are. Only pasteurization is the certain enemy of milk borne disease. WILLITS, Oct. 11.—If all the other communities of Mendocino county sent as many exhibits and representatives to the County Fair held last week at Boonville as Willits did the Fair could not help being a great success.

Started In Time.

Some time ago the Willits Farm Center commenced making plans for our exhibit and Frank Dorman was appointed to take charge of it. He and Mrs. Dorman went to Boonville and took over a large and varied exhibit of fruits and vegetables. Among the specimens were some ears of white dent corn that would be hard to beat, even in Iowa. Barney Schow sent several boxes of Rome Beauty apples that are also in a class by themselves. Thursday morning our Future Farmers class in high school sent a truckload of sheep, calves and pigs, and Claude Moore, who took first prize at the Sacramento State Fair, sent over a truckload of his prize sheep and the cups he was awarded. Mr. Moore raises a cross bred of Delaine-Corriedale which are large and vigorous and well adapted to this section. On account of their size they make good mutton and their fleeces are also of splendid quality.

Putting In New Bridge.

Supervisor Bittenbender has his road crew building a new bridge on the Fort Bragg road to take the place of the old bridge which caved in last week when a heavily laden truck passed over it. Luckily for the driver and truck the break came just as he was pulling over to the opposite side and the momentum was sufficient to reach solid ground. A detour carries traffic around the bridge site, but heavily laden trucks cannot make the steep climb out of the creek bed. This bridge is located a short distance from the city dump.

Named On Committee.

Judge W. F. "Bill" Whitney, of Willits, has been appointed on the Redwood Empire Exposition Commission auditing committee. This commission will handle the 1939 G. E. I. E. Redwood Empire World's Fair exhibit on Treasure Island, San Francisco. Mr. Whitney is also one of the Mendocino county commissioners for the 1938 World's Fair.

At Big Meet.

Willits residents attending the Seventeen Annual Redwood Empire Convention at Sonoma Mission Inn included Supervisor and Mrs. Duane Bittenbender, Editor and Mrs. A. C. Hammond, City Clerk A. M. Sacry, V. T. Lewis, Judge and Mrs. W. F. Whitney.

Joe Lightfoot has returned to San Francisco. He is a truck driver and when the maritime strike was called decided it was cheaper and better to live here with his folks.

Mrs. M. Reid has returned from an extended sojourn in Trinity county.

Winter Started.

The first killing frost we have had this fall took place Thursday night. It was cold enough to freeze tomatoes and similar products.

Visits Old Home.

Jack Lewis came up from San Leandro this week for a short visit. Mr. Lewis now holds a nice position at the San Leandro branch of Bank of America.

Mr. and Mrs. P. Biocine came from Santa Rosa the first of the week for a short visit with Mrs. Biocine's father, A. Figone.

Mrs. Dolly Whited returned a few days ago from a visit with her son, Dr. C. V. Whited, at Mendocino city.

Mr. and Mrs. Fred Bobbitt and children, Howard and Mary, visited relatives in San Jose and San Francisco the first of the week.

Henry Leverman came in from the Dos Rios section Thursday after supplies.

An Outstanding Pharmacy.

F. E. Livingston purchased the First National Bank building and will move his drug store as soon as he can have it remodeled. Last week the representative of a San Francisco store fixture firm was here inspecting the premises with the view of making up show cases and fixtures so that they can be used to the best advantage. All of the fixtures will be the last word in that line and Willits will have one of the best appointed drug stores in this part of the state. Mr. Livingston will have almost twice as much floor space as he now has and under the new plan his goods can be displayed to much better advantage.

Ice Works Expanding.

M. Leak has just purchased three lots and two houses joining his Ice & Soda Works on the east preparatory to making some very extensive improvements to handle his large and increasing business. Owing to the lateness of the season he will confine his efforts this year to the building of another large modern warehouse.

Will Build New Church.

It is reported that the Pentecostal Society will erect a church on San Francisco avenue this fall. They will vacate the quarters at the corner of School and Wood streets.

Former Merchants Visit.

P. I. Lancaster and Wm. Williams, both of whom were formerly in business here, came up from San Francisco for a short visit the first of the week. Mr. Lancaster was formerly manager of the Willits Mercantile Co. and during his long residence became quite a factor in local politics. Mr. Williams conducted a secondhand store.

WENT TO MEETING

Mr. and Mrs. A. R. O'Brien motored to San Francisco Saturday. They were accompanied by Mrs. Katherine Nicholson. Mr. O'Brien attended a meeting of the State Prison Board at San Quentin Saturday while Mrs. O'Brien vilsted in San Francisco. Mrs. Nicholson did not return with Mr. and Mrs. O'Brien, remaining over until Wednesday when she will come home.

Mr. and Mrs. Clark Hill and Mrs. John Rose came in from Farley Thursday to do some shopping.

Bob Hagne and Chas. Thompson were down from Covelo Friday. The latter had some dental work done.

Reason For Contentment.

Reports of ranchers living in the hills all over the northern part of the county agree the winter feed prospects are now good. The last rain has started the grass and the warm days and nights are making it grow rapidly.

Married At Reno.

Al Mendelson, popular mixologist at Al's Redwood Club, Hotel Willits, and Miss Tillie Todresic were married at Reno, Monday. They are now enjoying a short honeymoon taking in the sights of Nevada and are expected home next week. The groom has lived here about two years and is very well liked on account of his kindly and courteous manners. The bride has been a frequent visitor here during the past few months and is a charming young woman.

Legion Does Noble Work.

More than $800 has been subscribed for the Betty Cummins Fund but this is small change compared to what is being planned for her by the American Legion Posts and 40-8 Clubs of Solano county. Lee Roberts and Dr. R. A. Babcock started working in American Legion circles and that organization has almost adopted Betty. There are 2000 members of that order in Solano county and all of the posts have joined in sponsoring a Halloween ball at Suisun October 30. Each member has been pledged to buy a ticket at $1 and there may also be some extra tickets sold.

Still Removing Birdshot.

Little Betty Cummins was here several days this week and is being cared for by local new-found friends. The object of the visit was to have Dr. Babcock pick out birdshot from her face and chest. On account of it being so painful only a few are removed each day but by the end of the week the ordeal will be ended, it is hoped.

Mrs. M. F. Steinbrun Dead.

Mrs. Mary Florence Steinbrun, 82, died at her home Saturday following a long illness which was due to infirmities of age. Born at Pecos, Texas, March 12, 1855, her parents moved to Humboldt county when she was a small child and they owned the ranch on which the Benbow resort is now located.

Did Great Good.

Mrs. Steinbrun, who was affectionately called "Ma Steinbrun" by almost everyone who knew her, was a remarkable woman and was one of the pioneer trained nurses of Humboldt and Mendocino counties. About 50 years ago she practiced her profession for some years in Ukiah and then moved to Willits.

Mothered Railroaders.

For the past 30 years her Willits home was the home of railroadmen who laid over here and every railroadman called her "Ma." She was a foster-mother to all of them and every one of the men acted as a dutiful son to her. This was one of the peculiar human relationships that can hardly be described but there was none of the men who would not have fought should anyone have tried to harm her.

Had Eight Children.

Mrs. Steinbrun was married twice and was the mother of eight children, seven of whom are living, and there are quite a number of grandchildren and great-grandchildren.

To Rest In Ukiah.

The funeral will be held at the Willits Baptist church and the remains will be taken to Ukiah and laid away for the long rest beside the loved ones who have passed on before.

Get Your Permits.

The forestry department announces burning permits will be required up to November first. Any rancher desiring one can obtain same by writing to Willits headquarters and also receive further information on controlled burning.

Saw The Operation.

What is known as controlled burning is now receiving state wide attention and so far the crew under Jinks Hall has had wonderful success. In order to get first hand information State Forester M. B. Pratt, Deputy State Forester C. G. Strickland and Assistant Forester E. B. Barron came over from Sacramento to inspect the lands which have been burned over and to witness a burning.

To Build Road.

About the most important forestry project to be attempted this winter by the CCC, under direction of Superintendent J. C. Philbrick, is that of connecting the Frank Williams ranch at the head of Big river with the Orr's Springs road, a distance of about 17 miles. A very good grade for a mountain road has been surveyed and the new road will give quick access to a large scope of country which is now almost devoid of roads. There is a good road connecting the Williams ranch with Willits.

Mrs. Dorman Died.

Mrs. Chas. Dorman, 73, died at the hospital Sunday following a lingering illness. Mrs. Dorman was brought here from her home in Round Valley two weeks ago but her age and physical condition were such the doctors decided not to operate. She had lived in Round Valley all her life. The remains were taken to Covelo for interment.

Conductor Is Sick.

Claude Edwards, conductor on the railroad, was taken to the S. P. Hospital, San Francisco, Sunday for special medical treatment.

Mrs. Ike Murray came down from Trinity county last week for a short visit and to do some shopping.

Frank Moore has been confined to his bed by another bad sick spell the past week but is said to be improving.
